

CERTAINLY A STRONG PERFORMANCE.

COMFORT STEP INSOCKS IN 3 WIDTHS

Our feet accomplish highest performances every day: the entire weight of our body rests on this small area and yet they bring us reliably from one place to another. They serve us as support and keep our balance - no matter if running, walking or jumping.

Every foot has its own unique needs. To take these into account, we have developed a solution. Our COMFORT STEP insoles are now available for you in three different widths to give your feet the space they need.
