

# 160235

PPE risk category II

High mechanical resistance  
Resistant to light and ageing  
High abrasion resistance

PVC

## 160235

|                        |                                  |
|------------------------|----------------------------------|
| <b>Material:</b>       | Cotton interlock, natural colour |
| <b>Coating:</b>        | PVC, red                         |
| <b>Size(s):</b>        | 10                               |
| <b>Packaging unit:</b> | 120 pair(s)                      |
| <b>Certification:</b>  | EN 388                           |

NITRAS PVC gloves, cotton interlock, natural colour, PVC, red (colour code: 6000), fully coated, length 35 cm, high mechanical resistance, resistant to light and ageing, high abrasion resistance, PPE risk category II

EN ISO 21420

PVC

### Industries

-  Building / Construction
-  Cleaning / Facility management
-  Landscape gardening

### Advantages

- + High mechanical resistance
- + Resistant to light and ageing
- + High abrasion resistance

## Performance values

| EN 388:2016 + A1:2018                                                                      | Test parameter                    | Performance levels | Test result |
|--------------------------------------------------------------------------------------------|-----------------------------------|--------------------|-------------|
| <br>4121X | Abrasion resistance               | 1-4                | 4           |
|                                                                                            | Blade cut resistance (Coupe test) | 1-5                | 1           |
|                                                                                            | Tear resistance                   | 1-4                | 2           |
|                                                                                            | Puncture resistance               | 1-4                | 1           |
|                                                                                            | Blade cut resistance (TDM)        | A-F                | X           |
| EN ISO 21420:2020                                                                          | Test parameter                    | Performance levels | Test result |
|                                                                                            | Dexterity                         | 1-5                | 5           |

## Additional information

|                        | Material                | Colour |
|------------------------|-------------------------|--------|
| Palm                   | PVC on cotton interlock | red    |
| Index finger and thumb | PVC on cotton interlock | red    |
| Back of the hand       | PVC on cotton interlock | red    |
| Fingertips             | PVC on cotton interlock | red    |
| Cuff / knitted wrist   | PVC on cotton interlock | red    |
